Re: 07WIFI, Mixing Zones

Dear Mr. Williams:

On September 13, 2007, I received your application for an initiative that you entitled "*An Act to provide for cleaner waters in Alaska by prohibiting pollution mixing zones in wild salmon and other fisheries spawning waters.*" I forwarded the application to the Division of Elections for verification of signatures and to the Department of Law for legal review.

The Division of Elections determined that 260 of the 304 signatures submitted were those of qualified voters. Therefore, the application has enough sponsors to qualify for circulation of a petition under AS 15.45.030. The petition statistics report prepared by the Division of Elections is enclosed.

The Department of Law concluded that, "We find that the proposed bill is in the proper form, and therefore recommend that you certify this initiative application." A copy of the Department of Law opinion regarding the application is also enclosed.

Consequently, I hereby certify your initiative application under Article XI of the Alaska Constitution and under the provisions of AS 15.45. I further certify that the proposed bill to be initiated is in the required form, that the application is substantially in the required form, and that there is a sufficient number of qualified sponsors. Your official certificate is enclosed.

In accordance with AS 15.45.090(a)(2), it is my duty to prepare an impartial summary for the petition booklets. The following is the petition summary I have prepared:

BILL PROHIBITING MIXING ZONES IN WATER USED BY FISH FOR SPAWNING, REARING AND MIGRATION

This bill would prohibit mixing zones in water used by salmon and resident fish for spawning, rearing and migration. A mixing zone is an area in water into which liquid wastes may be discharged and exceed water quality criteria. The purpose of a mixing zone is to allow wastes to be diluted so that they meet water quality criteria when they exit the mixing zone. The bill provides exceptions to the prohibition against mixing zones for certain users including some kinds of placer mines, shore-based seafood processors and public water works that process less than 1 million gallons of water a day.

Should this initiative become law?

Mr. Jason Williams

The Division of Elections will prepare and print sequentially numbered petition booklets to allow full circulation throughout the state. Each petition will contain (1) a copy of the proposed bill; (2) an impartial summary of the subject matter of the bill; (3) a statement of minimum costs to the state associated with certification of the initiative application and review of the initiative petition; (4) an estimate of the cost to the state of implementing the proposed law; (5) the statement of warning prescribed in AS 15.45.100; (6) sufficient space for the personal information and signatures of each person signing the petition; and (7) other specifications that I decide would ensure proper handling and control. As soon as the booklets are available, the Division will send them to the Division's regional office of your choice (Juneau, Anchorage, Fairbanks or Nome). You will also be provided with instructions for booklet distribution and accounting. These instructions must be followed.

The initiative petition must be filed within one year from the date notice is given that the petition booklets are ready for delivery. The petition must be signed by qualified voters at least equal in number to 10 percent of those who voted in the last General Election, who are resident in at least three-fourths of the House districts of the State, and who are equal in number to at least seven percent of those who voted in the preceding General Election in that House district. The number of signatures that you need to gather will be based on the 2006 General Election. You will need at least 23,831 qualified voters in at least 30 election districts to sign the petition.

If you have questions or comments about the ongoing initiative process, please contact my Special Assistant, Jason Hooley, at 465-4082.

Sincerely,

Sean Parnell
Lieutenant Governor

STATE OF ALASKA
LIEUTENANT GOVERNOR
ANCHORAGE

CERTIFICATE

I, SEAN PARNELL, LIEUTENANT GOVERNOR FOR THE STATE OF ALASKA, DO HEREBY CERTIFY, under the provisions of Article XI of the Constitution of the State of Alaska and under the provisions of AS 15.45, the initiative application for "An Act to provide for cleaner waters in Alaska by prohibiting pollution mixing zones in wild salmon and other fisheries spawning waters," which was received on September 13, 2007 and known as 07WIFI.

I FURTHER CERTIFY that the proposed bill to be initiated is in the required form, that the application is substantially in the required form, and that there is a sufficient number of qualified sponsors.

In accordance with AS 15.45.090, I shall prepare a sufficient number of sequentially numbered petitions to allow full circulation throughout the state.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed hereto the Seal of the State of Alaska, at Anchorage Alaska,

This 8th day of November, 2007.

Sean R. Parnell
.....
LIEUTENANT GOVERNOR SEAN PARNELL
